	 A screenshot of a web application interface titled "Warehouse Stock Listing". At the top, there are two yellow warning banners. The first banner says "This version of the CodeSight app has reached its end of life. Please go to CodeSight to learn more about the latest version." The second banner says "Intelligence Platform is deprecated and requires your attention to avoid unwanted product usage." Below the banners, there is a search bar and a "Filter" button. The main content area contains several input fields: "Warehouse Code", "Warehouse Name", "SKU", "Product Name", and "Product Type". There are also "Add" and "Delete" buttons at the bottom right of the form.
